Individual Reflection-week 7

- What do I want to learn and understand better?

I want to learn and understand better Android Studio feel more comfortable with coding and be more efficient as an Agile team member. I red a lot documents and with tortulias to learn more.

- How can I help someone else, or the entire team, to learn something new?
I tried to be present and active on every meeting and trying to help the team to aim our goal. I think this week we helped a lot each other by asking questions and all of use learned a lot of each other.

- What is my contribution towards the teams Use of Scrum?

I have got the chance to be Scrum Master this week, it was a really good experience to learn how to lead a group. I have had responsibility for sprint review, making sure that everyone knows what to do, setting meeting time , check who can or cannot attending the next meetings and had responsibilities for deadlines.

- What is my contribution towards the teams deliveries?

This week I contributed towards the teams deliveries by fixing the Mandatory questions ,which means that the user must answer to all mandatory questions to be able to keep going to next page otherwise it will pop up some message that warn the user to answer to all mandatory questions.
